### Got His Man After Long Chase.

Something like a year ago the guardian of the law were placed in possession of what they believed was sufficient facts upon which to base a charge of forgery, involving \$197 against a certain man who had been in some sort of business here and Sheriff Boles has ever since then had the papers ready and has been on the lookout for the man, but he was gone, and probably thought he was entirely lost to our sheriff. If he has had such thought, he didn't know that Sheriff Boles is an officer who never lets up. He has persistently kept track of his man through several of the States in the Northwest and recently he got a tip that the fellow was in Oklahoma. The officers up there were put next and on Tuesday morning of this week, Mr. Boles received a message saying that the man had been arrested and was being held for him at Chickasha. Mr. Boles left here Tuesday evening to bring the man back to Snyder.

If your old family horse is out and down, put him on his feet with Golden Rod. 1-2 cheaper. Why? Because it is appetizing and 100 per cent pure. Tell your dealer to send you a sack. 3827

### Young Ladies Visit The Signal

Miss Elma Wren of Union, Miss Alvie Adams of Canyon and Miss Sybil Banks of Snyder honored the Signal office with a friendly visit on Tuesday afternoon. They were much interested in watching the linotype and the presses in operation. We enjoy having the ladies visit us and hope they will come in often.

Again on the same day Miss Albie Smith of Snyder and Miss Nellie Pen ton of Route One called in to see the machinery at work. The linotype machine is one of the wonders of the printing age and, is an object of interest, not only to the younger people, but to the older ones as well. These visiting young ladies live in homes where the Signal is taken and they read it every week, therefore they are some of our own girls—they belong to the Signal family—it is their home paper and their visits are especially appreciated by the Signal force.
